

# THE WAINWRIGHT STAR

VOLUME III.

WAINWRIGHT, ALBERTA, WEDNESDAY, MAY 17, 1911

NUMBER 55

## COBALT MEN WELL PLEASED

Party of Capitalists from Cobalt Divided and Five Came Here—Can not See Why Eastern Friends Will Continue to Pick Rocks Among Stumps with Western Land Open.

The large party of capitalists from Cobalt, expected here last Friday, did not arrive, although representative members of the original number arrived and inspected various sections of the town and district. In all four of the party arrived and were shown about the town.

On account of their unfamiliarity with the West, it was not considered advisable to travel in body, consequently the party was split on entering the West, several small parties visiting different portions of the country.

While here, they were shown over the town and outlying sections by W. B. Crawford. After they had returned, they expressed themselves as well pleased with what they saw and could not see why their Eastern friends pursue their old custom of grubbing among the rocks and the stones for a fair living, with thousands and thousands of acres of virgin soil, available in the West. The members of the party were confident that in five years an investor would receive a profit of one hundred per cent on his investment.

They were also taken to the buffalo "icks" and "stays" on their return, but as time passed and the town became famed as the home of the largest herd of buffalo in the world, Wainwright would be a noted resort for the tourist.

## THE "CHATEAU LAURIER" AT OTTAWA

The refrigerator contract for the "Chateau Laurier," the magnificent new hotel that is being built by the Grand Trunk Railway at Ottawa, has been awarded, the successful tenderer being the White Enamel Refrigerating Co. who manufacture the famous Bohm byphon system.

The silver contract has been awarded to the Martin wall Co., Shawinigan works, England.

## WELCOME RAIN WILL DO INFINITE AMOUNT OF GOOD TO FARMERS

Even to-day, at the glorious sunshine over the land, Nature is in gladness and in melody with the farmers, after the welcome and expected rain of yesterday.

Yesterday's rain, it is safe to say, means thousands of dollars in the pockets of the farmers and residents of the district and out of town. Coning, as it did, when the soil was in fairly good condition and a certain amount of moisture in the ground, the rainfall will do infinite good.

The majority of the farmers

## OX TEAMS WILL NOT BE NEEDED

SAYS J. GOHRING

Clever Inventor Has Received American Patent Rights on Wheeled Vehicle—Has Tempting Offer to Sell Outright—Is Working on Device for Locomotive and Autos.

That Wainwright has a clever inventor will no doubt be fully known, during the immediate future, when Jakob Gohring, who has lately received American patent rights on his wheeled vehicle, places the invention on the market.

Mr. Gohring, during June last, received his Canadian patent and on April 18th, received his letters patent from Washington, D. C., granting a patent for seventeen years.

The invention comes under the class of wheeled, road vehicles and is especially adaptable to such that are intended for travel over soft ground.

The object of the invention is to provide a device to be used on the vehicle, moving automatically over a movable track, upon which the wheels travel. This is obtained by means of an auxiliary wheel, or wheel rim, having broad flaps, with an independent gear and rotation, within which the vehicle wheel travels and rotates, travelling on the lateral surface of the rim. The effect aimed at, by Mr. Gohring, is to provide a wheel which runs over soft ground, which is impossible by the ordinary wagon.

The inventor states he has received several very tempting offers for his invention and has also received offers for the manufacture of the wagon, on a royalty basis. At the present time, he is considering an offer of outright purchase.

Several other inventions are now being worked upon by Mr. Gohring, one being for a locomotive wheel and the other for an automobile device. He states that when he has finished the latter invention, there will be no need for teams of oxen to pull the local cars out of the muds and bogs but that they will be able to travel over the soft ground as well as upon the hardest of city street pavements.

## NO DEFINITE DECISION ON BATTLEFORD LINE

Petition to Grand Trunk Pacific and Provincial Govt. Brings Replies Stating that Each Must Await Action of Other --- No Likelihood of Line Built During 1911 --- Other Reports Discussed at Regular Meeting of U. F. A. Branch.

A general meeting of the United Farmers, branch No. 290, was held in Mills' Hall on Saturday May 6th. Minutes of last regular meeting adopted, by direction of the president, C. J. Clifton and P. Aykroyd were appointed a committee to secure subscriptions for bogs for a government rock picking plant. If the farmers of the province will guarantee to supply fifty thousand bogs per year the government will build equip, and control a plant, the farmers paying only a small per centage over the actual cost of manufacture.

The following communication was read, from E. J. Chisholm, Vice President and General Manager of the G. T. P.

"We have had considerable trouble in getting plans of the Battleford Cut Knife country approved, but as soon as this difficulty is overcome, the line so far as Saskatchewan is concerned will be placed under contract. Nothing, however, can be done in Alberta at the present season as we have not yet been able to complete any arrangements for guarantees with the Alberta Government."

Signed C. J. Chisholm, Vice President.

## Competent Committee Recommends an Expenditure of \$16,255 for Fire System

Special Fire Committee Reports Favourably on Construction of Fire Hall Similar to that at Fort Saskatchewan at Above Cost Including Equipments --- Chief Washburn also Makes Report on His Observations --- Contract for Construction of Drains Awarded to W. W. Carter at \$319 --- Trouble Over and Complaints Heard Concerning work of Scavenger --- Cemetery.

From the progress made at last evening's Council meeting, Wainwright will soon have and its citizens may expect, in the next few months, an up-to-date fire hall, equipped with all the necessary fire fighting apparatus. Such was the impression, gathered last night, when the report of the special fire committee, appointed by the council, was brought in by Coun. Musson, Chairman of the Fire, Water and Light Committee.

The report of Coun. Musson showed a careful study of the fire halls in the several towns visited on the tour of inspection, made last week by himself, Mayor, Fire Chief Washburn and the town Solicitor. The recommendation, brought in by the committee, was more relative to the fire hall and equipments at Fort Saskatchewan than at any other point visited. The fact that they had left no stone unturned, in seeking designs that would eventually prove most acceptable and expedient for the town, was shown by the careful comparison made at the meeting by all the councillors. The photograph of the fire hall at Fort Saskatchewan was displayed and met with general favour from the members.

In his report, the Chairman recommended that the building be of solid brick, two stories high, with dimensions of 40x50 or thereabouts, with Council Chamber and Firemen's rooms in upper flat and Police cells in the basement, to be built at a cost of \$7,000. The committee also recommended the construction

"Petition of the Wainwright branch of the United Farmers of Alberta received."

I will take the matter up with the authorities of the Grand Trunk Railway at once."

C. L. Sifton.

The following letter, together with the letter from the G. T. P., was ordered forwarded to the Premier.

Wainwright, May 8th, 1911  
The Hon. Mr. Sifton,  
Prime Minister of Alberta.

Sir: I have the honor to acknowledge receipt of your letter, in reply to petition urging your government to assist in securing immediate construction of the Battle-Wainwright branch of the G. T. P.

This letter was laid before the U. F. A. in general meeting Saturday 6th. I am instructed to thank your honore for your interest in our behalf and further to lay before you a letter from the G. T. P. on the matter. And hope you will so far as possible remove all obstructions so as to enable the G. T. P. to construct the road at the earliest possible date.

I have the honor to be, Sir, Your obedient servant,

M. W. Aykroyd,  
Sec. U. F. A.

The matter of binder twine was then taken up. It was found that quotations from the Farmers' Binder Twine Company were the lowest but, as full information regarding this twine was not to hand, the secretary was instructed to write for same and to call a meeting of the executive as soon as possible after receiving information. Owing to the large number of members in the Gilt Edge district, it was agreed to appoint R. Harris of that place, a director of the association.

As information regarding the formation of an agricultural society was not to hand here, that matter was left over. The meeting then adjourned, the time and place of the next meeting to be decided by the executive.

The secretary wishes to announce that he has made arrangements with the Wainwright Star, whereby members can secure the "Grain Growers' Guide" and the Star for one year for \$1.50. In addition to being the official organ of the organization, the Guide is an up-to-date farm journal that should find a prominent place in the home of every practical farmer.

Every little town throughout Alberta is receiving support from the citizens for some recognition of the Corporation. It is this town to be a back number or will the real live ones get busy immediately and take the necessary steps towards a suitable commemoration of such an event? It is necessary and the town must uphold its former prestige, in the acknowledgement that it is the best town, along the line. No doubt, steps will be taken but they must be started at no far distant date to ensure the certain success of such a celebration.

Coun. Covey, Chairman of the Public Works Comm., reported on the receipt of four tenders for grading and drainage work to be done, throughout the town. The tender of W. W. Carter for \$319 was accepted.

Coun. Watson, Chairman of the Health, Parks and Cemeteries Comm., reported on the proposed cemetery site in 35-44-7. A letter had been received from the Commissioner, in reply to an application for this plot, asking that the Mayor write the Dept. of the Interior and make formal application. This had been done, at the same time making application for the island, lying in Bushy Head Lake, to be used by town for park purposes. Report received and accepted.

The Finance Comm., through Chairman Mills, reported the receipt of accounts and recommending payment of same.

W. S. Gould, \$8.50 for repairs to tank; Coun. Musson, \$100, cost of tour of inspection through Alberta. Report received and accepted.

By-Law No. 13, being a by-law respecting streets, was introduced a second time by Chairman Cook and given a second reading by the Mayor.

After the by-law had been read, a lengthy discussion took place on the work being done by the scavenger, with a comparison of this work here to that in other Alberta towns. It is not at all unlikely that developments will follow.

Fire Chief Washburn being present, he was called upon by the Mayor to say a few words on his observations. Mr. Washburn stated that while on the tour, he had paid more attention to the equipments than to the style of construction of fire halls. His observations had led him to believe that gasoline engines would be the better system to adopt and in their use, there was absolutely no trouble where competent men were in charge, who understood their business. He was willing and ready at all times, he stated, to offer his assistance and advice to the town on his ideas of the most suitable equipments.

The report of Coun. Musson was received and accepted, with a recommendation that it be held over until the next meeting.

## TO BE OR NOT TO BE THAT IS THE QUESTION

Suggestion, Made that Coronation Day and July 1st. Receive Double Celebration on June 22nd.---In Any Case Movement Should Soon be Made for Annual Sports Day.

July the first belongs to Wainwright! Such a cry has been a favorite and cherished one, since the first annual celebration, in 1908, when few even knew that Wainwright was in existence. Last year, although inconveniently by bad weather, the affair still stands as a lasting credit to those in charge. This year will again have one of its days celebrated in the Buffalo Town. Will it be July 1st, Wainwright's day? That of course remains with those forming the several committees.

May 17th, is not an early date on which to prepare. If the town intends setting apart a day for celebration, why not begin early, when suitable and satisfactory arrangements can be made towards holding the biggest and best ever held?

The suggestion has been made and it is considered a wise one that Wainwright should have a double celebration on June 22nd, when the crowning of the King and Queen could be recognized on the same program, followed as on previous first of July celebrations.

Every little town throughout Alberta is receiving support from the citizens for some recognition of the Corporation. It is this town to be a back number or will the real live ones get busy immediately and take the necessary steps towards a suitable commemoration of such an event? It is necessary and the town must uphold its former prestige, in the acknowledgement that it is the best town, along the line. No doubt, steps will be taken but they must be started at no far distant date to ensure the certain success of such a celebration.

## TOWN HAS PROGRESSIVE CITIZENS

Mr. S. S. Enslie, Representing Moneyed Interests Throughout United Kingdom Visits Here and is Impressed with Citizens---Nice Words for G. T. P. "Best Road in Canada."

"Of all towns, I have seen on my Canadian tour of inspection, Wainwright possesses the most progressive and enthusiastic class of citizens, I have yet visited." So spoke James S. Enslie of Glasgow, Scotland, who is now making a tour of the Canadian West, in the interests of wealthy capitalists, located at different points throughout the United Kingdom.

During his tour through Canada for the past six weeks, Mr. Enslie has visited all the western towns along the line of the Grand Trunk Pacific and has made extended stops at the divisional points, on the line. He is most favorably impressed with the system generally, and speaks in glowing terms of the towns, along this line of railway.

"When I first entered the town," said he, "I formed a poor opinion from its appearance from the train but after I had landed and had been shown through by your accommodating citizens and business men, I found, that what had been said, concerning Wainwright in the outside world, was true and reliable."

The company, represented by Mr. Enslie, has an enormous amount of capital and is formed from wealthy business men throughout England, Scotland and Ireland. His letter of explanation to the company, on Monday, Mr. Enslie strongly recommended Wainwright and its district and showed his favor in stating that he considered investment safe and entirely satisfactory. His report was most favorable throughout and will no doubt result in these capitalists, making extensive purchases in the district.

"Your town," said he, "seems more advanced than others along the line. The business men are very progressive and this I consider is one of the most important requisites for rapid and steady growth."

The Grand Trunk Pacific Railway came in for great praise from Mr. Enslie and he gave his opinion that it was the best road, he had travelled on in Canada. He even went so far as to predict that the G. T. P. line would be the transcontinental road in a very short time.

A few weeks ago, he was a passenger to Edson and proceeded farther to mile 52. Getting off the train there, he started on foot to mile 65 but was compelled to seek shelter for the night. "I was alone and with six sandwiches in my pocket," said he, "when I lay down for the night, in the bushes, near the grade. When I awoke in the morning, I was covered with snow and the whole experience was one, which I will never forget."

On departing Monday afternoon Mr. Enslie was of the opinion and was very confident that extensive investments would be here by those whom he represented.

LADIES AID SUPPER

The Ladies Aid of Grace Methodist Church will hold a supper in the church next Tuesday, May 23rd, beginning at six o'clock and continuing until eight. Admission 25 cents.

At the time the paper goes to press, there is no doubt as to the dance, to be given on May 24th, and announced in other parts of this paper. Definite announcement, however will be made by poster and hand bills.

Members of the Gun Club will hold a practice shoot on Friday Day, previous to the regular shoot on Friday, May 26th.

A. Plaxton, who has been residing in the Gilt Edge district for the past three years, left for Winnipeg last week, where he will probably reside in future. Before leaving, he disposed of his quarter section to W. E. Mills.

At the time the paper goes to press, there is no doubt as to the dance, to be given on May 24th, and announced in other parts of this paper. Definite announcement, however will be made by poster and hand bills.

Members of the Gun Club will hold a practice shoot on Friday Day, previous to the regular shoot on Friday, May 26th.

## TENDERS

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Armory, Strathcona, Alberta," will be received until 4 p.m., on Monday, May 29, 1911, for the construction of the building mentioned.

Plans, specification and form of contract can be seen and forms of tender obtained at the office of Mr. J. E. Cyr, Superintendent of Public Buildings for Manitoba, Winnipeg, Man., Mr. W. T. Mollard, Clerk of Works, Regina, Sask., on application to Mr. W. G. Congdon, Clerk of Works, new post office, Strathcona, Alberta, and at this Department.

Person tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation, and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honorable the Minister of Public Works, equal to ten per cent (10 p.c.) of the amount of the tender, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender is not accepted the cheque will be returned.

The payment does not bind itself to accept the lowest or any tender.

By order,  
R. C. DUBROCHERS,  
Secretary,  
Department of Public Works,  
Ottawa, May 1, 1911.

## SHOES

That Combine both  
Style and Fit.

Few men wear clumsy, badly-made, ugly shoes from choice.

They may say that they prefer them to shoes that are handsome and stylish, but do they?

Most men wear ugly shoes simply because they have an idea that they're the only comfortable shoes made, and also because they have never worn McPherson Shoes.

We have McPherson Shoes in the newest 1911 styles which fit every line of your foot easily, comfortably and snugly.

## EXTORTIONATE FREIGHT RATES ARE IMPOSED

(Grain Grower's Guide)

The study of the freight rates imposed upon the western people by the Canadian railways, that have been built with the people's money, shows a big loss to the pocket of every consumer. There is practically no restriction on the freight charges the railways can levy, and they absolutely refuse to give the public any information as to their business. This condition of affairs can only continue so long as the people are willing.

## TENDERS

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Public Building, Weyakwip, Alberta," will be received at this office until 4:00 P.M., on Tuesday, June 6, 1911, for the construction of the building mentioned.

Plans, specifications and form of contract can be seen and forms of tender obtained at the office of Mr. J. E. Cyr, Superintendent of Public Buildings for Manitoba, Winnipeg, Man., Mr. W. T. Mollard, Clerk of Works, Regina, Sask., at the Post Office, Weyakwip, and at this Department.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation, and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honorable the Minister of Public Works, equal to ten per cent (10 p.c.) of the amount of the tender, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender is not accepted the cheque will be returned.

The department does not bind itself to accept the lowest or any tender.

By Order,  
R. C. DUBROCHERS,  
Secretary,  
Department of Public Works,  
Ottawa, May 9, 1911.

FOUND—A railway employee's lost ticket, containing twenty-one meals at the Canadian Railway News Stand. Owner can have same by calling at this office and paying for advertising.

## NEW RAILWAY PROJECTS ARE CONSIDERED

The Winnipeg Tribune, of a few days ago says that within a fortnight surveys will start from Edmonton and Winnipeg points on branch lines connection with the Hudson's Bay, Peace River and Pacific Railway and that another survey party will proceed to Fort Churchill and work from that end on the main line which will run right across the top of the continent, south of Lake Athabasca and through Peace River, landing across the Rockies to Fort Simpson on the Pacific coast.

The ambitious project is financed by Scottish capital with which prominent Toronto and Winnipeg capital is associated and there is good reason to believe that it is bona-fide.

The proposed route will be the shortest practicable between the Hudson Bay and the Pacific, reducing the rail haulage to fifteen hundred miles or about half that of any other transcontinental line. Amendments of the original character are now being sought at Ottawa to permit the building of the various branches.

The system as planned provides for the following mileage: Main line, Fort Churchill to Fort Simpson, 1500 miles.

Branch Fort Churchill to Winnipeg, York Factory, 150 miles.

Branch Fort Churchill to Winnipeg, east Lake Winnipeg, 600 miles.

Branch from main line in southwesterly direction east of Reindeer Lake to Prince Albert, 600 miles.

Branch from main line near the mountains in a southeasterly direction 300 miles.

Apparently the design is to build the Edmonton and Winnipeg branches before attacking the transcontinental proposition.

The New Grand Trunk Railway Hotel at Ottawa.

The "Chateau Laurier" at Ottawa, Ont., which will be owned and operated by the Grand Trunk Railway System will be without doubt the finest hotel on the Continent, not only architecturally but also in regard to its general appointments.

Situated in Major's Hill Park, it faces to the west the Parliament Buildings and grounds, to the north the Ottawa River, and the grand old Laurentian Hills in the Province of Quebec. It can truly be said that the location is unsurpassed on this Continent.

It is built in the French Chateau style in the most approved method of fire proof construction. The frame of the building is steel, the walls are of Bedford Limestone surmounted by a copper roof, and the whole building presents a majestic as well as picturesque appearance from every viewpoint. The possession of such a structure must prove to be not only a valuable asset to the city of Ottawa, but also a credit to the Dominion of Canada.

The hotel will contain, in addition to its dining room and cafe, a Ladies Dining Room, Banquet Room, Ballroom, a State Suite, and a number of private dining rooms, as well as three hundred and fifty bedrooms with two hundred and sixty-two private bath rooms. Each bedroom will have a front outlook, for there is no courtyard to this hotel, and on three sides it fronts the beautiful Major Hill Government Park.

Every feature of drainage, heating, ventilation, lighting and cooking arrangements have received the most detailed consideration, and will be of the most modern form and appointment.

Besides the ordinary entrance to the "Chateau" from the street it will be connected with the Grand Trunk Railway's new Central Union Passenger Station by a private passenger way.

Mr. F. W. Bergman, the manager, has had a wide experience in hotel management, both abroad and in this country, and has been selected to make the "Chateau Laurier" the favorite hotel in America.

The hotel will be open for business next fall.

DRAWING AND CARTAGE

# Morning Frocks for Five Dollars

*The Button Trimm'd Linen*

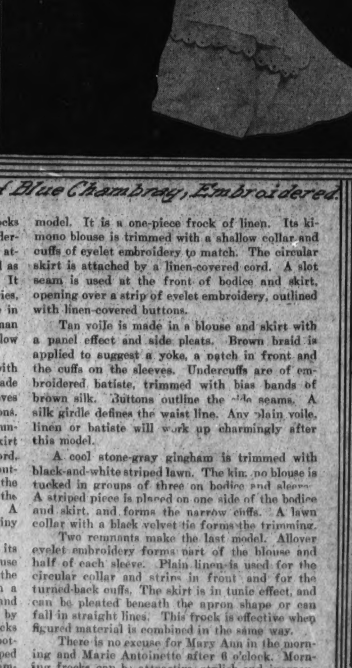

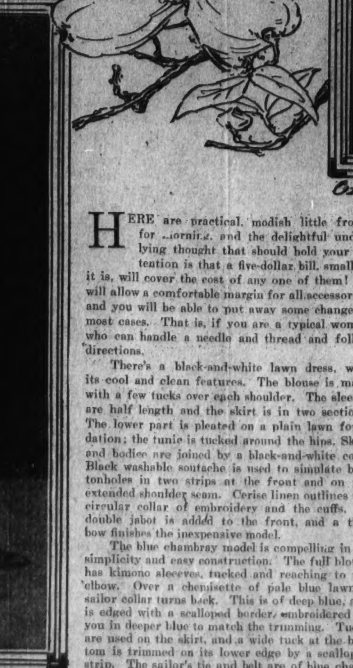

*Black and White Striped Lawn*

*Cool and Comfortable Gray Gingham*

*Tan Voile Trimm'd with Braid*

*Of Blue Chambray, Embroidered*

*Made from Two Remnants*

HERE are practical, modish little frocks for morning, and the delightful underlying thought that should hold your attention is that a five-dollar bill, small as it is, will cover the cost of any one of them! It will allow a comfortable margin for all accessories, and you will be able to put away some change in most cases. That is, if you are a typical woman who can handle a needle and thread and follow directions.

There's a black-and-white lawn dress, with its cool and clean features. The blouse is made with a few tucks over each shoulder. The sleeves are half length and the skirt is in two sections. The lower part is pleated on a plain lawn foundation, the tulle is tucked around the hips. Skirt and bodice are joined by a black-and-white cord. Black washable soutache is used to simulate buttonholes in two strips at the front and on the extended shoulder seam. Cerise linen outlines the circular collar of embroidery and the cuffs. A double jabot is added to the front, and a tiny bow finishes the inexpensive model.

The blue chambray model is compelling in its simplicity and easy construction. The full blouse has kimono sleeves, tucked and reaching to the elbow. Over a chemisette of pale blue lawn a sailor collar turns back. This is of deep blue, and is edged with a scalloped border, embroidered by you in deeper blue to match the trimming. Tucks are used on the skirt, and a wide tuck at the bottom is trimmed on its lower edge by a scalloped strip. The sailor's tie and belt are of blue chambray.

Quite simple is the next button-trimmed

model. It is a one-piece frock of linen. Its kimono blouse is trimmed with a shallow collar and cuffs of eyelet embroidery to match. The circular skirt is attached by a linen-covered cord. A slot seam is used at the front of bodice and skirt, opening over a strip of eyelet embroidery, outlined with linen-covered buttons.

Tan voile is made in a blouse and skirt with a panel effect and side pleats. Brown braid is applied to suggest a yoke, a patch in front and the cuffs on the sleeves. Undercuffs are of embroidered batiste, trimmed with bias bands of brown silk. Buttons outline the seams. A silk girdle defines the waist line. Any plain voile, linen or batiste will work up charmingly after this model.

A cool stone-gray gingham is trimmed with black-and-white striped lawn. The kimono blouse is tucked in groups of three on bodice and skirt. A striped piece is placed on one side of the bodice and skirt, and forms the narrow cuffs. A lawn collar with a black velvet tie forms the trimming.

Two remnants make the last model. Allow eyelet embroidery forms part of the blouse and half of each sleeve. Plain linen is used for the circular collar and strips in front and for the turned-back cuffs. The skirt is in tunic effect, and can be pleated beneath the apron shape or can fall in straight lines. This frock is effective when figured material is combined in the same way.

There is no excuse for Mary Ann in the morning and Marie Antoinette after 6 o'clock. Morning frocks can be attractive, stylish and inexpensive if you but stop, look and listen to the words of the practical and clever woman.

## TOWN FOOTBALL TEAM ORGANIZED

GAME PLAYED BETWEEN TOWN AND RAILWAY BOYS RESULTS IN A TIE 1-1-1-PLAY MEN AND NOT BALL

The meeting, held in the Fire Hall on Tuesday evening, May 9th, for the purpose of organizing a town football team was a very successful one, when much enthusiasm was displayed by those present. Everyone at the meeting realized that the town should have a team to represent it and thought that such should be organized at once.

Principal McLean occupied the Chair and explained the great need of a properly organized team, giving the officers required for such an organization. The election of officers followed, when the following were elected: Hon. Pres. Mayor Pawling; Pres. J. W. McLean; Vice Pres. J. F. Wilding; Manager, Mr. Trouton; Sec. Treas. Rev. H. A. Clark; Committee to select players: Messrs. McLaughlin, Morrison and Gecow. Patrons, Messrs. Dawson, Dewar, Mills, Forster, Gregson, Fieldhouse.

The secretary was given instructions to write surrounding towns to arrange matches and if possible to arrange one for May 24th, and also one for July 1st.

The club wishes all the men in town to turn out and practice, in order that the selecting committee may be able to choose the best team and if possible to make up two teams to be known as the first and second aggregations.

The club wishes it to be understood that they will not go around with a subscription list but those willing to become members of the club must pay a membership fee.

The town is asked to encourage the club and, by their presence on the field, allow their enthusiasm in doing all they can to help the team.

The football match, at the local gridiron last Thursday night, provided great amusement for the large audience, present. The local railway boys lined up against the town and played a most interesting and exciting game, resulting in a tie. The preference, on the part of the players, to play the man and not the ball, was responsible for several collisions and clashes, painful in many cases to those taking part.

## PARLIAMENT TO ADJOURN ON FRIDAY

Ottawa, May 11.—Parliament will adjourn on May 19 to meet again August 1, and supply will be voted to carry on the affairs of the country until September 1. This is the agreement reached by the House yesterday. After consulting with R. L. Borden, Sir Wilfrid Laurier made the announcement of the agreement to adjourn. He suggested May 23, but several members favored the earlier date and their wish prevailed. Longer sessions will be held in order to get the work before the House done in the shorter time.

Adolphe Larocque, Sorel, on question of privilege, defied newspaper reports that government lumber and shingles had been used in building his house. R. N. Lewis introduced a number of amendments to the code, regarding banks, and bankers. He would make it a criminal offence for a bank official to make a false statement of its affairs, whether or not he knows it to be false; for a bank of a official to accept a loan from a bank or a bank director; for a director of a bank or other corporation to assist in watering stock, operation for banks to compel closure of work more than eight hours a week with one hour for luncheon, except in case of failure on the day when monthly returns are made up.

## 22 BIRDS WAS THE HIGH SCORE

ED. STIMPSON BREAKS 22 OUT OF POSSIBLE 25—BERT BELL FOLLOWS WITH SCORE OF 17.

Ed Stimpson is the first winner of the gold button for the season, 1911, defeating the score of 15, made by Lou McLaughlin, when he won the silverware the week before last. The lucky Ed. only made 22 out of 25 birds, not much for him but just 20 points higher than the lowest score. No need of mentioning names in the last instance but the rock bottom score was a "dunce speaker."

The high score was closely followed by Bert Bell, with a tally of 17 birds—remarkably good for a man, who has shot at the clays but three times but still not as high a score as he is expected to make before the season is at an end. Many have asked the popular locomotive foreman for his receipt but he refuses to disclose his secret to even Le, who killed twice.

First place for the silver button is held by W. E. Washburn and Reddie Law, with scores of 15 each.

ROOMS TO LET—Furnished or unfurnished rooms to rent cheap. Apply The G. H. Beauty Co.

## A Rattling Good Tonic

That is what one of my customers calls Nyl's Tonic.

Another man said it sweetened his wife after being a sour dyspeptic for years.

One wife said she had to take it away from her husband, she couldn't cook enough to satisfy the appetite it gave him.

Stories like these make us enthusiastic about Nyl's Digestive Tonic.

If you are not feeling up to the mark perhaps your stomach is causing the trouble. Worth while finding out anyway.

A big bottle for a dollar. THE WAINWRIGHT PHARMACY

## Bearing Down Pains

What woman at sometime or other does not experience these dreadful bearing down pains. Mrs. E. Griffith, of Main Street, Haysworth, Ont., says: "A heavy bearing-down pain had settled across my back and sides. I was often unable to stoop or straighten myself up. Many times each night I would have to leave my bed with the irregular and frequent secretions of the kidneys and just as done out in the morning as on retiring. I was languid and would have to let my housework stand. Nothing I had tried would benefit me. I learned of Booth's Kidney Pills and concluded I would try them, which I did, and soon found the long sought relief. My back strengthened and I began to feel better and stronger. I now enjoy my sleep without being disturbed and feel grateful to Booth's Kidney Pills for what they did for me."

Booth's Kidney Pills are a boon to women. She would know less of backaches if she took more of these wonderful pills. They are nature's specific for all diseases of the kidneys and bladder. All druggists, 50c. box, or postpaid from The E. T. Booth Co., Ltd., Fort Erie, Ont. Sold and guaranteed by THE WAINWRIGHT PHARMACY

## Millions for Western Canada.

J. BRUCE WALKER, Commissioner of Immigration, recently predicted that within 25 years Western Canada would have a population of Twenty-Five Million souls.

Last year 335,000 settlers located in Western Canada—nearly a thousand a day. It is expected that the number this year will be much larger—that at least 160,000 will come from the States alone. Already this rush to Western Canada has begun. Trainloads of immigrants are crossing the continent every few days from the eastern seaboard. There is every indication that this will be Western Canada's biggest year.

Wainwright district with its tens of thousands of acres of rich farming land still unutilized, will furnish homes for thousands of new settlers, who will swell the volume of Wainwright's trade and make its continued rapid growth in population necessary.

## Do You Believe in Wainwright?

Do you believe that it is going to make one of the leading cities of Western Canada—that Wainwright and the surrounding country will get their share of the coming millions? If you do, then you must believe that Wainwright real estate offers an exceptionally good opportunity for profitable investment. Show your faith by investing your money in Wainwright.

## Reserved For Wainwright People.

When the Grand Trunk Pacific recently platted the West Addition to Wainwright, four of the best blocks in that addition were reserved for Wainwright people. Lots in these four blocks are now on sale at \$100 and \$125. Terms: One-third cash or \$100 and one-tenth monthly, without interest. See plat and make selection before spring opens and the rush begins.

SAMUEL LEWTHWAITE LOCAL AGENT FOR WAINWRIGHT

Synopsis of Canadian Northwest Land Regulations.

A person who holds sole land of a family, or any other over 10 years old may be considered a 1/2 section of available homestead land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Office or Sub-Agent for the district. Entry by proxy may be made at any agency on certain conditions by father, mother, son, daughter, brother or sister of the homestead.

Patents—Six months residence upon and cultivation of land in each of three years. A homesteader may live within a mile of his homestead on a farm of at least 20 acres, solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a 1/4 section homestead by homestead. Price \$20 per acre. Pre-emption must be made in each of six years from date of homestead entry, including the time required to earn homestead patent and cultivate the same.

A homesteader who has exhausted his home rights and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price \$20 per acre. Pre-emption must be made in each of three years, including the time required to earn a homestead patent and cultivate the same.

SECOND AVENUE

## ITEMS, RELATIVE TO LOCAL HAPPENINGS AND EVENTS

## MEH SAM STARTED IT

Meh Sam started the fashion. Many more have followed. The straw hat has come for the season, with its introduction two weeks ago by the above named prominent figure about the town. It came with a splash and in the form of a huge cow's breakfast, placed on the close cropped head of the above named Chinaman. Who was the next to follow? Some say a well known councillor, who is most intimate with Sam.

## IT PAYS TO WAIT

It will pay you to wait and consult M. Mecklenburg, A. M. D.Sc., a University graduate, with a life-long experience in the science and art of examining eyes with the "Shadow Test," the only safe, reliable and accurate method. No guess work and no dangerous mistakes. He will again be in Wainwright, Monday, July 10th. Office at King's Jewellery Store. For further announcements look to the STAR.

## MANY NEED RAIN

All that is needed in the district at the present time to ensure the best crop, in the history of this part of the west, is rain. During the last few weeks, several very welcome showers have descended, which have aided the crops materially. Although the soil is still moist from the melting of the snow, in the early spring, the farmers are awaiting a steady rainfall to suffice during the months of drought.

## VEGETATION EXCELLENT

The residents of the Gilt Edge district state that the prospects for a large, fall crop were never brighter in the history of the district. The soil is in splendid condition and vegetation is excellent. Nearly all the farmers have finished putting in their crops and in the majority of cases the acreage planted, will exceed that of last year's by fifty per cent.

In the shot-off on Monday night at the traps, W. E. Washburn defeated A. J. Law for the silver button.

James O'Reilly, who was taken to Edmonton two weeks ago, suffering from appendicitis, is improving steadily.

## NOT SO AN ACRE

Graham & Co. are selling farm lands for \$12.50 an acre, but a short distance from town. 35,000 acres of choice available land, one quarter, dual and on easy terms. See their ad. on this page. 3-35

## LIVERY BARN MOVED

Cutley and Greyson, the enterprising, local livery men, have moved one of their large barns in a westerly direction and about one hundred and fifty feet from its former location.

## HOME FROM CALGARY

Harry Limpert returned on Friday last from his trip to Calgary. It is his intention to locate near Calgary on a quarter section of land, for which he is now negotiating.

## VERMILION AUTO PARTY

W. R. Hayward of Vermilion was again in town last Sunday, with an automobile party from that town. Those included in the party were: W. R. Hayward, A. T. Newbury, W. R. Sutton, C. E. Slater and John Roberts.

## AN AUTHORITY

Edward R. Gule, eyesight specialist, formerly of Henry Birks & Sons and representing the Royal Optical Co. of Winnipeg, will visit at King's Jewellery store on May 26th. Do not neglect this opportunity of consulting an authority on eyesight. 3-35

## COLUMNS ARE OPEN

In order that this paper may be of the greatest value to its readers, its columns are open to the free discussion of subjects that are of interest. Whatever anyone may think others would be interested in we are always glad to publish.

## NEW ICE CREAM STAND

The Red Cross Pharmacy are opening up a new soda water fountain and ice cream stand, in a private room, at their establishment on Second Avenue. Complete equipments arrived yesterday.

Mr. and Mrs. T. Desève of Farnham, Quebec are visiting at the home of Mr. and Mrs. G. H. Baudry, Second Avenue.

## PIONEER RETURNS

The town received a visit last week from one of its pioneers, who left here in the early days. James Mitchell, who has been located at Edson in the pool room business, was a welcome visitor in town. During his absence, the popular, early settler has been very successful and has recently sold out his business, with the intention of locating on the Tofted Branch, between that town and Calgary. He received many a hearty handshake from his numerous friends during his short visit.

## DANCE FOR MAY 24TH

The 24th. of May will be celebrated in Wainwright also. The managing committees of the two football teams in town are now making arrangements for a match game on that day. In the evening a dance will be held in the Auditorium, under the auspices of the town bachelors. Excellent music has been secured and the affair will no doubt be enjoyed by a large number of holiday makers.

## MISCREANT ABROAD

Some miscreant is again abroad, who, if detected in his nefarious work, will no doubt be prosecuted to the full extent of the law. One day last week, the valuable dog, owned by M. C. Cardell was shot at and received fatal injuries, resulting in its death. Mr. Cardell prized the dog very highly and it is to be hoped that he may locate the scoundrel, who has served other dogs, in the same manner.

## DIAMOND SALE NOW ON

H. C. King is putting on a special Diamond sale this week. Over 32,000 worth of diamonds are offered at practically cost price. The shipment has been sent direct from the Diamond merchants and a better selection and range has never been seen in town before. 3-35

## FIVE CENTS A HEAD

Of all people in the Dominion, at the present time, the opus taker will not kick at the increasing population of the country. When liners enter Canadian harbours, with shiploads of immigrants, his smile will no doubt be apparent. Every head of a family and every person over twenty-one years of age represents five cents in the pocket of the gatherer.

**"RUNNING ON HOWARD TIME"**  
is the highest praise the old man can give.

Railroad officials, engineers and conductors are taking a hearty interest in the new Howard Railroad Watch. Every timepiece with all the Howard accuracy and dependability. Howard Railroad dial has minute numeral from 1 to 60 running around the dial. A single glance tells the number of minutes past the hour. Price paid by private order attached at the factory—\$50 to \$100. Let us show you this distinctive watch.
